New Functional Materials Derived from Organoboron Building Blocks

报告人: Prof. Dr. Frieder Jäkle

时间地点: 2017年10月20日 10:30 生态楼118

报告人简介:

Dr. Frieder Jäkle is a Distinguished Professor in the Department of Chemistry of Rutgers University. He received his Ph.D. in 1997 from TU München, Germany. After a postdoctoral stint at the University of Toronto he joined Rutgers University in 2000. His research interests are centered around the area of main group chemistry. He is the recipient of an NSF CAREER award (2004), an Alfred P. Sloan fellowship (2006), the ACS Akron Section Award (2012), the Boron Americas Award (2012) and many others. He currently serves on the editorial advisory boards of several journals, including *Macromolecules*, *ACS Macro Letters*, and *Organometallics*.
